

## Virtual to You (V2Y) Conference

**NTTD News**  
**June 2020**

### *2020 NTTD/NLTAPA Conference is On-line -- FREE -- July 28-30, 2020*

The NTTD/NLTAPA Annual Conference will be virtual to you (V2Y) this year from July 28-30, 2020. See the registration and draft agenda at-a-glance link below. This year we will meet from 10:00 AM to 1:30 PM (Central Time) each of these three days. Among other things, we will have general sessions, technical sessions, state sharing, and hot topics. A special thanks goes to the NLTAPA and NTTD working groups that helped plan this event.

Information and discussions will be updated, as well as new opportunities for learning. Check back to the [conference website](#), NTTD's [website](#), LinkedIn, or ask to join the NTTD Basecamp for more resource sharing. ([glenn.mcrae@uvm.edu](mailto:glenn.mcrae@uvm.edu))

## **NTTD Presenter Opportunity for Social Media Session at NLTAPA Virtual Conference**

My name is Adam Howell and I am the incoming co-chair of the NLTAPA communications workgroup. I am reaching out because we would like to see if we can find someone from NTTD to present at our Innovative Use of Social Media session on July 30<sup>th</sup> from 12:30 – 1:30 pm. Would you happen to have any ideas on contacts I could reach out to who work with digital communications and social media? Here are some of the details we would be looking at:

- Possible example topics include: Innovative marketing strategies utilizing social media, social media success stories, utilization of new platforms and technologies
- Presentation length: 10 – 15 minutes (depending on the number of presenters that end up joining us)

Any contacts or information would be helpful. Thanks!

## 2020 National LTAP-TTAP-NTTD Virtual to You (V2Y) Conference You Can't Escape the Poster Session!

This year's poster session will go on, virtually and 100% online, and **will be expanded...**

The poster display will be combined with a training & development exercise centered around **"escaping the room!"** On **July 28<sup>th</sup> at 11:15 am CT**, join Olivia Phelps, Megan Patent-Nygren, and Marilee LaFond as we present a fun, interactive, and engaging game of Escape Room using your poster submissions! We'll detail our experience developing the group activity, as well as Olivia's other Escape Room modules, to get the wheels turning of how we can build FUN into our training and workshops, no matter what the learning content or topic is!

This year's poster session is **Year of the Wild Card!** You pick the poster topic- and to mix it up even more, we're **encouraging submissions of infographics and StoryMaps as well as posters!** Whether it's a new resource, addition to your program, a great visual you created to communicate a difficult learning topic, an infographic you created for a newsletter, a StoryMap...this is an open time to share our innovation and resources with one another!

All submissions will be loaded to Basecamp and we're also working to make them available for conference participants to peruse at the "virtual poster session" ahead of the conference also!

### File Submission Details:

- We're still working through some of the details, including any file size restrictions based on how we can share them. But don't let that stop you from reaching out and committing to a poster now. We'll have more details very soon!
- **Please notify me (Marilee LaFond at the NH LTAP [marilee.lafond@unh.edu](mailto:marilee.lafond@unh.edu)) if you will be submitting a poster, storymap, or infographic.** The final PDF file needs to be submitted to me by **June 30,2020.**
- You are also welcomed to provide a brief summary (by email to me) describing your submission- how it came about, what it solves for, its use, etc.
- **AND...**We will be scheduling a virtual poster session for any of the contributors that wish to speak about their poster for a few minutes, as well as for all NLTAPA colleagues to learn more about the posters...watch for more details!

### Continuing the Learning

October 21, 2020 at 8:00am AZ time (11:00am Eastern)

## ***Effective Learning: A Critical Exploration of the 70-20-10 Learning and Development Model***

Presenter: Vivien Lattibeaudiere (AZDOT, Learning & Development)

Following the conference there will be a series of monthly sessions on additional topics, presented by your peers, including NTTD's Vivien Lattibeaudiere of AZDOT. Information on registering for these additional FREE sessions will be posted on the conference website and details will be sent out directly to the NTTD network.

*The 70-20-10 Learning and Development model suggests a proportional breakdown of how employees learn most effectively through combining formal, social and hands-on learning. Learn practical ways that you can apply this model to your training and development programs to maximize employee engagement, performance and retention.*
